

Instructions for Use: LBX Weighing Scale

Brand Name of Product	LBX Weighing Scale
Generic Name of Product	Weight Scale
Product Code Number(s)	LBX 30
Purpose of Product	LBX scales offer quick and easy weighing right out of the box. The low profile design is compact and allows these scales to be used where you need them. Simple to use with only 5 keys, which are color coded to highlight the most used keys for faster operation. Basic weighing tasks are quick and easy with the LBX weighing scales. And with percentage weighing, basic parts counting and 5 weighing units, the LBX can also be used for more complex weighing functions if needed.
Range of Applications for Product	Multiple weighing units and weighing modes allows for different applications, making the LBX totally flexible to meet changing market needs. Main applications are weighing, parts counting, percentage weighing, check weighing and display hold.
