Instructions for Using Product	
Description of Use (s)	Designed for visual inspection for items and equipment.
Preparation for Use	
Diagrams (drawings, pictures)	
Steps for Use of Product	1) Attach the lamp to the desired working surface. If using the optional bracket to mount please note: a. Mounting to typical wall with 2"x 4"studs, there will be a thin side of the stud, approximately 1.75" to anchor to. The holes will not allow for all four to be anchored on a stud this size. It is also **NOT** advisable to anchor this directly to dry wall as it would probably fall off. 2) Position the lamp in the desired position and turn on using the on-off switch.
