**Purpose of Product** | Vinyl instrument guards are designed to enhance sterilization and protection for items during the sterilization procedure. The vents allow the flow of full-impact sterilization while providing protection to the tips and edges of the items from breaking and/or chipping.  
**Range of Applications for Product** | For trocars, probes and other tipped items.  
**Key Specifications of Product** |  
- Compatible with steam sterilization.  
- Variety of colors (For Vented and Duo-Vented)  
- Vented, Duo-Vented and Cylindrical styles
