Steps for Use of Product	Setting the characters
	<ol style="list-style-type: none"> 1. Pull adjustment knob to desired position and turn knob to select character to print. 2. Press knob in before printing (Important: failure to do so before operating could cause damage).
	Labeling
	<ol style="list-style-type: none"> 1. Place your hand around the handle and squeeze you fingers to your palm. 2. Release the handle back to the starting position. 3. Pulling the handle will release the label from the opposite end of the label gun. 4. Repeat to use another label on another product or package.
	Replacing the label-roll
<ol style="list-style-type: none"> 1. Press and slide red release for the top slide back. The release is on both sides of the label gun. 2. Pull out the chamber in order to insert the roll of labels. 3. Place new label roll inside with the label flap coming over the top. 4. Secure the end of the label roll to the top end of the label gun. 5. When in use, the label will dispense through the chamber. 	
	Replacing the ink-roll
	<ol style="list-style-type: none"> 1. Lift-up the ink roll cover at the front of the label gun. 2. Remove the ink roller cartridge by sliding it out from the groove on either side. (We recommend wearing gloves. Your hands will get ink on them.) 3. Replace with new ink roller Prix by sliding cartridge back into the groove and close the cover.
