## Dividable Ribbed Tote Boxes

Use to organize and simplify the processing, storage and distribution of supplies and equipment. Regain space by combining supplies in compartmentalized ribbed containers that keep things separate in the least amount of space. Comply with JCAHO regulations by removing contents from outside shipping boxes and storing in containers that can be cleaned and disinfected. Made of tough, impact resistant plastics that can be cleaned and disinfected.

## Flip-Top Containers

Attached, hinged covers for convenient and safe storage and transport of supplies. Compact storage by nesting one in another when not in use. Lockable tops for security and use control. Molded in handle for secure handling. Available in grey.

Code No	Length	Width	Height
472-525E	9.750	8.625	9.000
2212 CCB-6	21.750	15.250	12.000
2612 CRB-56	23.500	19.500	12.500

## Ribless Containers

Store clean or dirty supplies and equipment. Save space by getting supplies into containers that nest. Made of tough but lightweight plastics. Easy to clean with sprayers. Snap-on covers to keep supplies safe and dust-free. Window-style label holders to identify contents for quick retrieval. Both nesting without cover.

## Create Space

Utilize the wasted space that exists between shelves by mounting bin slides underneath the shelves of your existing wire carts and storage racks. Reclaim floor space for new storage racks, storage of large equipment, or increase employee work areas. Forestall expensive additions and renovations to your Department by utilizing the space you have more efficiently. Organize supplies in dividable Tote Boxes. Slides are available for 18", 21" and 24" depth shelving and can be used with any width Tote Box. Slides are compatible with leading brands of wire shelving.

Code No	Description	Dimensions
US-18	One pair of slides for 18" depth shelving	18" long
US-21	One pair of slides for 21" depth shelving	21" long
US-24	One pair of slides for 24" depth shelving	24" long

## Design Custom Trays with the Infinite Divider System

Imagine the arrangements you can create with dividers that can be positioned virtually anywhere. Wasted space is eliminated because there are no fixed divider locations. These trays are made of super strong translucent polypropylene.

Code No	Description	Length	Width	Height
T600	6 permanent, 6 dividers	11.000	6.625	2.500
T900	4 permanent, 16 dividers	13.750	8.750	1.750

# OPEN FRONT BINS & MORE

## Convenient, Space Efficient Storage with Stackable Open Front Containers

Contents are easily accessible and easily identified through large open fronts. Space can be maximized by stacking bins one-a-top the other - eliminating wasted space on shelving. Slide in your own labels into large label slots. These trays are available in 3 colors: red, yellow and blue. Accessories include dividers, Louvered Panels and Bin Rails for wall mounted storage.

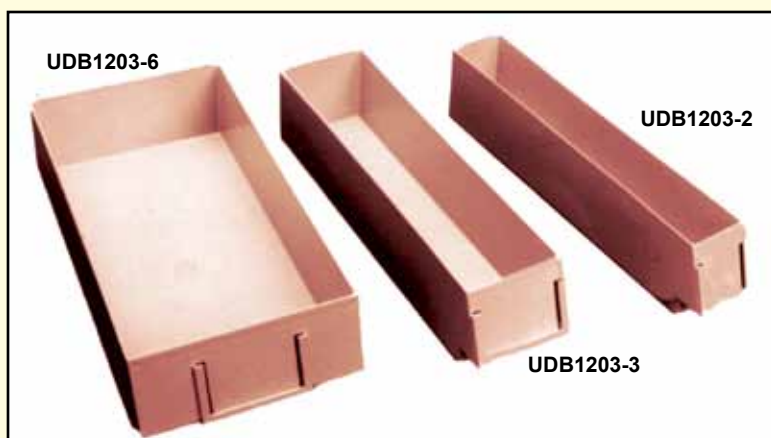

Louvered Panels

Code No	Length	Width	Height

# CARTS & RACKS

## HUSHKARTS

### DESIGNED FOR QUIET MOBILITY

One-piece, double-wall polyethylene construction- no creaking bolts and no rattling metal. Rubber-cushioned 4" sealed bearing casters

### DESIGNED FOR CONVENIENT STORAGE

Each HushKart offers three shelves with slip resistant surfaces and raised edges. Ideal for use as surgical case carts, and for use by Pharmacy, Respiratory, and CSD.

### DESIGNED FOR EASY CLEANING

Cart-washer washable. Polyethylene will not rust, corrode, dent or peel. One-piece seamless construction eliminates hard-to-clean grooves and crevices.

### DESIGNED FOR ATTRACTIVE APPEARANCE

With choice of five colors, establish a color-coding system to fit your needs. Choose a color (Dusty Rose, Slate blue, Brick Red, Dark Brown, Coffee Beige) to coordinate with the decor.

# CARTS & RACKS & MORE

## Tough Tilt Truck

**COLLECTION** - For ease of collecting, moving and dumping materials, there's no hand truck that rivals the rugged, long lasting Tough Tilt Truck. Extra large wheels make the unit easy to maneuver in tight, narrow spaces.

**DUMPING** - Transport and disposal of waste and refuse is simple, quick and easy. No ridges to catch or hold material.

**DURABLE** - Tough Tilt Truck bodies are rotationally molded with top quality polyethylene resin. The seamless, non-stick body surface won't corrode; and the welded tubular steel support frame has a rust resistant black finish.

Code No	Description	Length	Width	Height
522001-RED BIO	Biohazard Tilt Truck, truck depth is 35", (2) 4" Heavy duty stem casters, (2) 12" Standard wheels	31.00	66.50	42.00
520211-RED	Tilt Truck Hinged Lid			

## Poly Shelf Truck

The Poly Bulk Shelf Trucks are designed for double duty. The unique design permits the truck to be used as a Shelf Truck or you can convert the shelves into a fourth wall to create a Bulk Truck. One application is for moving bulk soiled items in one direction, then converting into a shelf truck for the return of the clean items.

Roto-molded from high quality polyethylene resin the Poly Bulk Shelf Trucks are rugged, tough and virtually indestructible. The smooth seamless features drain holes for easy cleaning or sanitation.

The base is constructed of powder coated reinforced tubular steel that provides superior strength compared to traditional pan or plastic base models. Attached via welded caster plates are four (4) high quality casters equipped with thread guards.

Code No	Description	Length	Width	Height
512401-BLUE	Poly Shelf Unit - Enclosed on 3 sides, with 2 wire shelves, heavy duty tubular frame, steel base, 6" sealed casters - 2 rigid, 2 swivel	29.00	48.00	67.00

## Re-Useable Cart Covers

Both standard and custom-sized rack covers are manufactured with quality materials and workmanship. Material choices include 200 and 400 denier nylon, bacteria static Staph-Check® and clear vinyl. Choose either zipper or velcro closures and select the sides of the cover for flaps. Many colors are available to select from. Standard sizes are listed below, but any size can be custom made to your specifications.

Code No	Size (inches)

SH2460C	24.00	60.00
SH2472C	24.00	72.00

**END RIPPED WRAP!** TEARGUARD provides a solid plastic barrier from the sharp edges and bumps of wire shelving. Raised ribs promote good air circulation. TEARGUARD is manufactured of tough polyethylene plastic that can be cleaned with disinfecting solutions and is cart washer safe. Ideal for protecting wrapped trays, preventing small items from falling through shelves and reducing the effort required to slide heavy items off of shelves. TEARGUARD's are manufactured for most popular shelving sizes and fit the leading brands of shelving.

## Shelf Mats

Keep items from falling through open shelving. Durable .035 thick clear polyethylene sheet is easily removed and cleaned. Available in 8 sizes, which fit the most commonly used shelf sizes.

Code No	Length	Width
SM1836CL	18.000	36.000
SM1848CL	18.000	48.000
SM1860CL	18.000	60.000
SM1872CL	18.000	72.000
SM2436CL	24.000	36.000
SM2448CL	24.000	48.000
SM2460CL	24.000	60.000
SM2472CL	24.000	72.000

## Disposable Cart & Equipment Covers

Available in clear plastic when you want contents visible and opaque when you want contents out of sight. Made of tough polyethylene plastic, these covers protect carts and contents from dust and infection. Applications include covering Surgical Case Carts, Exchange Carts, Linen Carts, Suction Pumps, Ventilators and other equipment. Disposable covers eliminate the time and expense of laundering cloth covers. Packaged 50 to a case.

Code No	Length	Width	Height	Color
