Dear Customer,

Meet the AORN and AAMI standards with regard to NON-TOXIC markers.

As stated in ST 79 the use of nontoxic markers is recommended.”.....Use of permanent markers with nontoxic ink is recommended to avoid toxins being deposited on packs or instruments.....” AAMI/ST 79; Page 58; Section 8.3.2

To read the complete section you can purchase ST 79 by going to their web page at www.AAMI.org

AORN 2008 Perioperative Standards and Recommended Practices RP: Packaging Systems Page 477 Recommendation VII #3 “.....Markers used to label packages should be indelible, non-bleeding, and nontoxic.....”

Thank you for your request for samples of this quality Healthmark product. We appreciate the opportunity to earn your business and look forward to your feedback.

Regards,

Steven J. Basile
